

RUPAK NALLA

Ph.no: +91-9154048555 | Gmail: rupaknalla1034@gmail.com | GitHub:Rupak Nalla | Linkedin: Rupak Nalla

SKILLS

Programming Languages:

- Advanced: Python
- Intermediate: Javascript,C,C++.
- Novice:Java

Frameworks and Libraries:

- Next.js
- React.js
- Vue.js
- Express.js
- Flask
- Tailwind

Tools:

- Git
- Linux
- Windows

General:

- Problem solving
- Analytical thinking
- Innovative

EDUCATION

• Indian Institute of technology Madras

May 2022-Present

B.Sc(Data Science and Applications) | CGPA:7.4

• JNTUH University College Of Engineering Manthani

Dec 2021-Present

B.Tech(Computer Science and Engineering) | CGPA:7.17

CERTIFICATE COURSES

- Web Development using HTML and CSS from Open Classrooms
- My SQL Basics from Great Learning.
- Data Visualization using POWER BI
- Digital Marketing from Google Digital Garage..

EXTRA CURRICULAR

- Acted as Technical coordinator for AVINYA 2024 college fest

PROJECTS

• Library management web application:

- Built a secure platform with JWT authentication and full CRUD operations for book management.
- Implemented Celery for daily reminders and monthly report generation for librarians.
- Used Redis for caching, enhancing performance,enabling CSV data exports and task management.

Tech:Flask,SQLAlchemy,Vue.js,JWT,Celery,Redis,SQLite

• Task Manager website:

- Developed a task manager application using Next.js for the frontend and Express.js for the backend, ensuring a responsive user experience.
- Implemented Suprsend for seamless notification management, allowing users to receive timely reminders on task deadlines.
- Enabled users to add tasks and mark them as complete, enhancing productivity and task organization.

Tech: Next.js,Express.js, Suprsend,Tailwind

• Aptitude test website:

- Created a dynamic exam platform for AVINYA 2K24, featuring color-coded indicators for response statuses.
- Built a Flask-RESTful API to ensure seamless integration between the Next.js frontend and Flask backend.
- Leveraged the strengths of Next.js and Flask to deliver an efficient and user-friendly exam experience.

Tech: Python,Flask,Next.js,tailwind

• AI Chat Bot:

- Developed a sophisticated ChatBot application for a project expo using LEMMA AI
- Seamlessly incorporated Vue.js framework to enable efficient and responsive rendering of the chatbot interface
- Designed a highly user-friendly and intuitive interface to facilitate seamless interaction between the user and the chatbot

Tech: Vue.js, Bootstrap

HOBBIES

- Reading books.
- Photography.
- Art.
- Playing Chess.
- Content Making.
